Explanation

The resolution accepts the Claims Commissioner's recommendations to dismiss claims, deny awards or permission to sue in thirty five separate claims against the state. The resolution thereby avoids a potential, significant state cost for any judgments that might be rendered against it since claimants are seeking recovery of more than \$24.5 million in damages in total. It also precludes a workload increase for the Office of the Attorney General and potential significant costs to various state agencies named as defendants in the claims as these agencies would bear any litigation expenses incurred.

The Out Years

There is no fiscal impact in the out years since the resolution resolves these claims.
